

Good morning, everyone.

My name is Ray Paw. I came to Canada from Burma in 2007. I come to school everyday. I love my teachers and my teachers love me. I am learning English a little better. Thank you teachers.

I like to see my classmates everyday. We are happy to have the LINC School and TBMA to help us live in Canada.

Now I will sing a little Karen song about the end of school. Karen students can sing too.
